Chamith Wanniarachchi   06/03/2021

29/A,

Ariyawansa Lane,

Weraduwa,

Matara.

HR Manager,

HR Department,

Dear Sir/Madam,

I am a second-year student completing a degree in Software Engineering looking for internship opportunities in the industry. I have met all the academic and non-academic requirements needed to excel as an intern and I'm confident that my knowledge and experience will be suitable for the company. I have experience with languages such as Java, Python, HTML/CSS, SQL, JavaScript and frameworks such as Angular, React Native, Flutter. Some of the skills I like to highlight that would highly contribute for the intern role and enable me to perform well in the company:

- Have experience in frontend development as well as frontend development.
- Have experience in mobile application development using framework.
- Skilled in implementation and testing in software developing.
- Extremely creative in the design aspects in Software.

A copy of my CV which contains details about my experiences and qualifications regarding the internship is attached below. Hoping to hear from you about this opportunity soon. Thank you for your time and consideration.

Thank you,

Sincerely,

Chamith Wanniarachchi.
